

WEBSITE REDESIGN

22 MAR 2017

content organization

→ homepage

- * navigation bar should span whole width, below or next to title of page - also should be condensed
- sub navigation bars should appear on relevant pages
- * also seasonal specials

JHERWOODS FOREST	ABOUT	INVENTORY	LANDSCAPING	NEWS
		Tree chubs ↓ etc		

slide show w/ photos
events
gardening
comm.
} similar to
all website
maybe

- * footer with contact info, social media, other links
- other links of interest
- contact info
- gift certificates
- random info @ top of home page (radio station)

→ about - could have sub nav bars, but might not be necessary

- * hours & information
- * brief history
- * map
- * cards + bios for owners
- * explain outsourcing to monrovia

→ inventory

- * everything here will be reorganized with the price and info under each ^{related} picture
- * nav bar will organize the sub sections

→ landscaping

- * photo gallery and description

→ news

- * relevant links
- * movie clips + testimonials (will have to research b/c none work)
